About portion sizes:

Because portion size is very subjective and some people have bigger appetites than others, it is difficult to say *exactly* how many people a certain dish will feed. Hence, the ranges.

*Serves 1-2* means 1 adult with a big appetite or 1 adult with an average appetite (with leftovers) OR 1 adult and a toddler OR 2 kids, etc.

*Serves 2-3* means 2 hungry adults OR 2 adults with average appetites plus a toddler OR 3 kids, etc.

*Serves 3-4* means 3 hungry adults OR 2 adults plus 2 kids OR 4 kids, etc.

"Three cheers for DDD! You are our lifesaver. Thanks for making our family meal times waay better than ever..."  
- Dabney I.
